## Got it Back With Interest

During the recent financial stringency, says a western banker, we were compelled to limit the amount our depositors might draw to ten dollars per day. It occasioned some inconvenience, but most of our patrons took the matter philosophically. One man though, an eccentric old farmer, was highly indignant, when we refused to let him withdraw sixty dollars at one time. "Doesn't the money belong to me?" he demanded.

"Certainly," I told him, "but we have other depositors to accommodate and as the eastern banks have tied up our money, we can't pay out but limited amount each day."

The explanation did not appear to be very satisfactory. So, partly, to mollify him and because I knew that he had unusually fine poultry, I bargained him for a Thanksgiving turkey.

I paid for the turkey in advance—a good, stiff price—and he promised to deliver it Thanksgiving morning. At an early hour he arrived with a large bundle, but when the wrapper was removed from the package it proved to be a pasteboard box containing a solitary turkey leg and this note:

"Dear Sir:—The demand for turkeys has been enormous, and as I have other customers to accommodate, I can supply you with only a part of your turkey each day."

I was considerably put out, but I made the best of the matter and bought another turkey at the butcher's shop for our Thanksgiving dinner. The next morning the farmer sent a turkey wing, and the following day we got a thigh, and for over a week that eccentric old fellow sent to town every morning a piece of that turkey. Then I received this note:

"Dear Sir:—Your cooked cook informs me that you have done gobbled all that turkey, and I wish to warn you that you are over-drawing your account. You didn't bargain for the gobble."

## Superior Court Notes.

Judge Denny called the calendars in the Superior Court on Monday and a resume of the proceedings is as follows:

The matter of the administration of the Annie E. Gibson estate was dropped from the calendar to be restored on motion.

A sale of realty was ordered in the matter of the estate of Walter Sprigden.

Frank L. Blackburn was named administrator on the estate of Margaret Altman without bonds.

The final account was settled and distribution ordered of the estate of Thomas Crigler.

Three weeks was granted to prepare a bill of exceptions in the suit of George Cordano vs. John Wright.

A stay of execution was granted to September 20 in the suit of R. C. Moody vs. Connecticut Fire Insurance Company.

The suit of Christian Jorgensen vs. Sonoma Magnetic Co., was dropped from the calendar.

These probate matters were continued: Estates of C. J. Parkinson and Joseph Purrington, to July 27; estate of Catherine Alton, to August 17.

The suit of M. Levin vs. Kauffman et al., went over to July 27.

The suit of the Haven Hardware Company vs. W. R. Stearns, et al., was dropped from the calendar.

## Over Thirty Years

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by L. S. Simmons.

## A. E. Sondag, the Tailor.

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of his trade. Give him a trial order for a good suit and you'll be satisfied.

## University Farm, Davis

Mr. Editor:

The farmers who are engaged in general agriculture should be at Davis in Yolo county for the three weeks beginning October 12th next, when the short courses in agriculture on the University Farm are under way. An especial feature at this time will be practical instruction in irrigation, forage crops, cereals and sugar beets.

In addition to the large portion of the Farm which is now under the ditch, thirty acres are now under direct control and experimentation of the U. S. Department of Agriculture. Many experiments in seepage, evaporation, methods of applying water, etc., are under way and the farmers may have advantage of them all.

The State is making an annual appropriation of \$5000 to better the quality and quantity of our cereals. Forty acres and more on the Farm are devoted to this work, and much good is being accomplished. Grain grower, go see and hear what is being done for your benefit. The sugar beet grower will also learn much that will help him.

No man in the country is better qualified to instruct on California forage crops than Director Wickson, of the Agricultural Experiment Station. He will give a course on this topic, which is so vital to all the California agriculturists.

If you want to know more about the short course in agriculture, write to the University Farm at Davis, California.

### Wine Makers Meet

Over one hundred of the leading wine makers of this State, met in California Hall, San Francisco, Wednesday last and formed the Grape Growers Association of California. Andrea Sbarboro was chosen president of the organization.

It was decided to inaugurate a campaign of Education to fight the growing idea of prohibition and to urge the use of light table wines at meals as a cure for drunkenness. It was decided to levy an assessment of 25 cents an acre on the growing vineyards of the State to provide the necessary funds.

### L. L. Johannsen Hurt

L. L. Johannsen, a brother of E. H. Johannsen of this valley, was seriously injured last Tuesday evening about nine o'clock, at the corner of Buchanan and Sutter streets San Francisco, by being thrown from his auto by a street car which came suddenly into collision with it, wrecking it badly.

Mr. Johannsen was hurried to the Central Emergency Hospital, where it was discovered that both his collar bones were broken and his side badly injured. He was also suffering from severe scalp wounds. At last accounts he was resting as easily as could be expected but the result of his injuries is still doubtful.

### Schools Open Monday

The local Grammar and high schools will open for the fall term next Monday, July 27. A large attendance at each school, is expected.

### A Narrow Escape

Last Tuesday morning, Mrs. Ada Pauli, the telegraph operator, became alarmed at the smell of smoke in the house and immediately commenced to investigate. She found that dense clouds of smoke were issuing from Peter Yenni's woodshed in the rear of the telegraph office and hurriedly notified the owner that his property was afire. A few buckets of water soon put out the fire which was burning in an old pile of shingles and trash in the shed. It is supposed that the fire was started by the careless dropping of a cigar or cigarette stump. What might have been the results if Mrs. Pauli had not made a timely discovery, might well be imagined as the shed is attached to the large two story wooden building belonging to Mr. Yenni on Napa street.

### Mr. Healy Entertains

Edward Healey, who holds a responsible position in the United States Mint, is enjoying his vacation at Sonoma Grove. Mr. Healey is an ideal entertainer and has delighted the guests there with his imitable songs and monologues.

### Broke His Arm

Caesar Minelli, the well known stone mason and cement contractor, is suffering from a broken arm, the result of a fall from his wheel, on Monday last. The accident is very regrettable, as aside from the pain and injury, Mr. Minelli has considerable work on hand in the building line at present.

### Great Ball Game

A special train left Santa Rosa last Sunday morning at 10 o'clock enroute to Napa, carrying the players and about 250 people who went to see the match game of baseball between the Napa and Santa Rosa teams. The former team won by a score of 12 to 0. The train returned to the county seat late in the evening.

### They Went Away

Det. Sheriff Jos. F. Ryan went to Agua Caliente Sunday evening and gathered in two of the genus hobo who were disturbing the peace and quiet of the people of the vicinity. They were lodged in jail and the following morning brought before Judge Small who suspended judgment and gave the two knights of the road a very few minutes to get out and leave Sonoma valley forever and a day after. "They have went."

### Mrs. Marie Berry Dead

Mrs. Marie Berry, who had been a resident of this valley for the past few years, passed away at Leix Sanitarium in this city Monday afternoon, after a long and trying illness. Deceased was the step-mother of Mrs. Lamazeroles, of Oakland, formerly of this city, and was 59 years of age at the time of her demise.

The remains were shipped Tuesday afternoon to Oakland, where interment took place.

### Passing of Two Pioneers

### Fined \$5.00

A man by the name of Calzacia, was arrested by Marshal Albertson and brought before Judge Gottenberg. He pleaded guilty to throwing rocks upon the house of Mr. Rigoni on Spain street, adjoining the old Blue Wing, and was fined \$5 which he paid.

### Mr. Rosser Jr., Arrives

You may have observed that happy, broad smile upon the countenance of our esteemed fellow citizen, J. Rosser. A sturdy twelve pound baby boy arrived to brighten the home of Mr. and Mrs. Rosser, below town, Monday morning, and that's the reason the proud father is so happy.

### Catholic Church Services

### Three Cows Injured

Three cows escaped from the pasture on the Robert Hill place near Eldridge Tuesday and wandered upon the railroad track. Coming around a curve in a deep cut, the engineer of the freight was not able to see the cows until too late to stop the train and prevent the killing of the animals. The cows belonged to Nick and Joe Dowdall.

### Purchased a Home

L. C. Cordill has purchased of Robt. P. Hill, the old J. V. Miner home, together with ten acres of land adjoining. Mr. Cordill has secured a very desirable piece of property and will make it his home. He intends going into the poultry business quite extensively.

### J. L. Noe Here

J. L. Noe returned last Friday from the mines in Mt. Grant Mining Dist., Esmeralda Co., Nevada, and spent a few days with friends in this city. He reports fine prospects for a large output of gold this season and brought with him a small bottle of the precious nuggets as evidence. Mr. Noe's health was not good at the mines and that was the reason for his home coming at this time. He left for his old home home in Blue Lakes, Humboldt Co., Wednesday.

### Fire The Cause

A grass and forest fire on the Proletti place on the road between this city and Napa, last Friday night, burned down several poles of the high potential line of the Bay Powers Company and parted the wire. Several thousand people in two counties depending for juice from the Bay Powers Co., were in the dark for about two hours. The damage was soon replaced.

### Frank Dowd, O. K.

County Assessor, Frank Dowd and his corps of able assistants, have a right to feel proud of their work of assessing the property of this county. The Board of Equalization went over the assessment roll last week and found everything correct and proper and all assessments fair and just. It is also a noteworthy fact that not a single kick was registered against Imperial Sonoma's able assessor, and this, notwithstanding the fact that the assessment was raised a million and a quarter dollars.

Frank Dowd is all right.

### Valiant Hunters

Five valiant hunters, armed to the teeth and equipped in faultless hunting costumes, started out last Sunday afternoon for the Sonoma hills in quest of game. The party was composed of Paul Robin, Theo. Kiser, Carlos Emparan, M. Byers and Jas. Modini. They returned Monday evening and report having secured two deer. "Bah!" One of the party had great sport in riding the rail (?) and as he afterwards expressed it, had a "ripping" time of it!

### Assessment Increase

The assessed valuation of property in Sonoma county for the year 1908 shows a gain of a million and a quarter dollars.

The compilation of figures has been completed by County Assessor Frank Dowd and Chief Deputy J. C. Smith.

The total assessed valuation of property in the county of Sonoma for the year, 1908 is \$32,410,225. Last year it was \$31,158,905. The gain this year \$1,251,320. These figures do not include the railroad assessment which is fixed by the State Board of Equalization.

The assessed valuation of real estate in the county other than city and town lots is \$14,590,550. The improvements on the same are assessed at \$4,693,210. The value of city and town lots \$4,122,470. The improvements on the same are valued at \$4,529,050. The value of improvements assessed to persons other than owners of real estate is \$78,940.

The value of personal property in the county is \$3,888,635; money and solvent credits, \$508,120.

The assessed valuation of property in the incorporated cities of Sonoma county is as follows:—Santa Rosa, \$4,662,915; Petaluma, \$2,883,635; Healdsburg, \$931,750; Sebastopol, \$543,695; Sonoma, \$406,265; Cloverdale, \$352,565.

A substantial gain is recorded in all the cities and in most of the townships of the county. This is considered a remarkably good showing inasmuch as there was a falling off of wine, lumber and hops. The wine and lumber was shipped out of the county, and the low price of hops necessarily resulted in a reduction of assessment.

### Woman's Improvement Club

The Woman's Improvement Club of Glen Ellen, have inaugurated a series of informal hops to be held every two weeks on Saturday evenings in "Social Hall," which has been recently furnished with electric lights. The walls are cool and free from dust, tastefully decorated with evergreens and Japanese lanterns. A musician from San Francisco will furnish the latest music in perfect time. All are invited to test the truth of this announcement on Saturday evening, July 25, at 8 p. m. Ice cream and lemonade in abundance. Admission 25c.

They have been secured by Manager Koenig of Union Hall, to play a three night engagement and the event is looked forward to as one of the theatrical events of the season. The list of plays secured by Mr. Cooley for this season are all late eastern successes and should only help to add to his already established reputation. The same old prices, 15c, 25c and 35c. ### Our Best Fertilizer

Intelligent and successful tillers of the soil the world over, have always recognized the folly of allowing their land to become impoverished and have been constant users of good fertilizers.

It will therefore be of interest to the farmers generally to know that the cheapest and best fertilizer in the world to day is nitrate of soda found in Chili, S. A. It has been repeatedly proved that the use of from \$2 to \$3 worth of nitrate to the acre has produced an increase in the crops of from 70 per cent to 300 per cent according to the soil and the crop raised.

The greater yield that comes from the use of nitrate of soda, far exceeds the expense and labor of putting it on the land.

Mr. James A. Landsborough, a former well known citizen of this valley, is an expert on the use of nitrate, and will cheerfully and freely furnish any information desired on the subject. He has about twenty tons of the nitrate on hand now and more shipments are being made each week.

For full particulars as to prices, etc., call on or address James A. Landsborough, importer and wholesale and retail dealer in nitrate of soda, Shellville, Sonoma Co., Cal.

### Avoid Wilted Fruits

There is considerable sickness throughout the city at this time, says the Petaluma Courier, due to eating unripe fruit put upon the market. It is said that in several instances the indisposition was quite severe, almost terminating fatally.

As time rolls around for the annual picking of the various kinds of fruit, the harvesting is foreshadowed by half ripe consignments being placed upon the market. The weather this year has a marked tendency to more or less wilt fruit. It finally reaches such a stage as to be actually equal to so much poison when placed in the stomach. Statistics will show that the death rate during the hot summer months is always increased by eating of wilted fruit.

Local physicians who have been called in to attend cases due to eating half ripe, wilted fruit, have been quite severe in the denunciation of the evil practice. They suggest either cooking fruit before it is eaten or curbing the appetite until the ripened fruit can be had.

Ripe fruit is a medicine, a tonic, an almost indispensable food for the average of mankind, but wilted, half ripe fruit is akin to rank poison to almost an equal number.

## The Young Physician.

WHAT HIS EXPERIENCE PROVED.

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular rounds of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. His specialty was the cure of those common and distressing diseases of women. He had early discovered that by combining the extracts of the following medicinal plants in just the right proportion, without the use of alcohol his "Prescription" almost invariably cured such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription is not a "patent medicine" but a tonic and nerve for women, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black

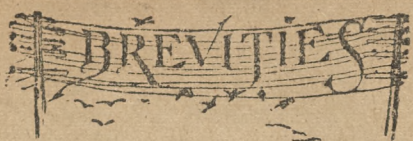

Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and chemically pure glycerine.

Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for women's peculiar ailments. So uniform are the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it *always* helps and almost always cures. Ninety-eight per cent of the women who give this medicine a fair and faithful trial are cured and remain cured.

It is a powerful invigorating tonic, imparting health and strength in particular to the womb and its appendages. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down," or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

"I want to tell you of the great improvement in my health since taking your 'Favorite Prescription,' says Mrs. H. S. Jones, of Forest, N. C. 'When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to; had inflammation of the ovaries, painful and suppressed periods, and all symptoms of female disease. After taking six bottles of 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired.'"

Only one of two of these tiny, sugar-coated pills will regulate, tone up and set in healthy, vigorous action a foul stomach, torpid liver and sluggish bowels. Little Pill, little dose; produce great results. First put up by Dr. R. V. Pierce, over 40 years ago. Much imitated but never equalled. Send 31 one-cent stamps to cover cost of mailing and get a copy of the "Common Sense Medical Adviser," over 1000 pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

Five hundred Ute Indians who revolted and terrorized the country after fleeing from their reservation in Utah will have a 90-mile trek back. The Indians will return under escort of a captain and ten cavalrymen. The agreement to return is the outcome of a conference between the chief and President Roosevelt that the Indians would henceforth be good.

It is proposed to reduce letter postage between Norway and the United States from 20 ore (5 cents) to 10 ore (2½ cents), even if it involves financial loss. It is felt that the reduction of the rate would strengthen the ties which bind Norwegians in America to their homelands.

This is what Hon. Jake Moore, State Warden of Georgia, says of Kodol Dyspepsia: "E. C. DeWitt & Co., Chicago, Ill.—Dear Sirs—I have suffered more than twenty years from indigestion. About eighteen months ago I had grown so much worse that I could not digest a crust of corn bread and could not retain anything on my stomach. I lost 25 lbs. in fact I made up my mind that I could not live but a short time, and when a friend of mine recommended Kodol. I consented to try it to please him and was better in one day. I now weigh more than I ever did in my life and am in better health than for many years. Kodol did it. I keep a bottle constantly, and write this hoping that humanity may be benefited. Yours very truly, Jake C. Moore, Atlanta, Aug. 10, 1904." Sold by all druggists.

Francis J. Heney will shortly go to Oregon to try a number of prominent men there, who are accused of land frauds.

There is one preparation known today that will promptly help the stomach. This is Kodol. Kodol digests all classes of food, and it does it thoroughly, so that the use of Kodol for a time will without doubt help anyone who has stomach trouble. Take Kodol today and continue it for a short time that is necessary to give you complete relief. Kodol is sold by all druggists.

## Boy's Life Saved

My little boy, four years old, had a severe attack of dysentery. We had two physicians; both of them gave him up. We then gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy which cured him and believe that saved his life. WILLIAM H. STROLING, Carbon Hill, Ala. The average married man has about as much to do with managing his home as a mouse has with managing a cat.

Help For Those who have Stomach Trouble

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them and they have done her more good than all the medicine bought before. —SAMUEL BOYER, Folsom, Iowa. This medicine is for sale by L. S. Simmons. Samples free.

One may get along without doctors, lawyers and preachers, but the clergyman is indispensable.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00

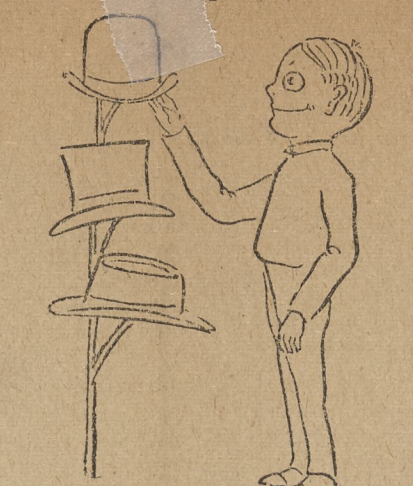

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar of Cat Island, La. "For several weeks I was unable to do any thing. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctors' bill. Sold by L. S. Simmons.

Wise Talk by the Office Boy Repeated

The United States Government puts a woman's head on its silver dollars, and two of them will put a man's head under a \$2.50 hat at Raymond Bros., store. I guess we will sell more hats this year than all the rest of the stores in Sonoma put together, and then some.

I can't for the life of me see why anyone should pay \$2.50 for a hat that they can get of us for \$2.00.

It must be because they don't know about our hat values. I believe any man who has ever worn one of our \$2.00 hats and knows its absolutely honest in every way will not pay \$2.50 for a hat he knows nothing about.

You see it would be impossible for the boss to sell as good a hat as he does for \$2.00 if it wasn't for the many hundreds as well.

All good and patriotic citizens of this city and valley, should make it a point to attend the mass meeting in the city hall next Monday evening, July 27, and will assist in planning the monster celebration to be given in this city on Sept. 9.

There is no more appropriate time or place to celebrate the State's birthday. The event will be in honor of the dedication of the new municipal building, estimated to be worth \$30,000, in the historic plaza, where sixty-two years ago the famous Bear Flag was first flung to the breeze and the California Republic first pronounced to the world.

Call Mass Meeting

An enthusiastic meeting of the Trustees and the Native Sons Committee, was held in the city hall last Friday evening, to discuss the idea of giving a grand celebration in this city in honor of the dedication of the new city hall in the historic plaza on Sept. 9th.

After a general discussion as to the principal features appropriate for such an occasion, it was unanimously decided to call a mass meeting of the citizens of the city and valley to consider and adapt plans for such a celebration and dedication, on next Monday evening, at 8 o'clock p. m., in the Trustees' room in the city hall. This meeting of the people will organize, adapt plans, appoint committees and take charge of the entire celebration.

In the minds of those who have given the subject some thought, it is intended to have literary exercises, grand parade, baritone races, games and a grand in the evening. All this however will be left for the people to decide at the mass meeting. You and your friends and everybody else, are invited to attend this meeting and particularly in its proceedings.

Let's all pull together and Sonoma will give the grandest celebration in the history of the city on the next Admission Day. Don't forget the date, Monday evening, July 27, at 8 o'clock in the city hall.

That Hunting Trip

Walter and George, two young chaps of this town, hiked out into the hills, west of here, last Sunday morning, while most all good souls were still in dreamland, with guns and ammunition enough to kill the limit on several kind of game. But alas! ere the day was far gone, the hunters were to come to grief. While in quest of the fathery tribe, their horse took fright at some unknown object, broke loose, and started towards El Verano. Bigelow's gate looked good to him, but being in a hurry, crashed through it without waiting for the formality for an opening.

Result:—The horse and cart were not injured; damage to the gate \$15. The figure after the one in ten, represents the total amount of game.
